CAPABILITY STATEMENT

FEDERAL ACQUISITION · PROGRAM MANAGEMENT · CYBERSECURITY

COMPANY OVERVIEW

Crowned Blueprint Consulting provides strategic advisory and delivery support to government agencies and prime contractors across key areas of acquisition, program management, and cybersecurity. Based in Laurel, Maryland and serving the DMV region, we combine strategic guidance with practical execution to help clients navigate complex requirements, manage programs effectively, and advance their mission objectives.

CORE COMPETENCIES

Acquisition & Executive Advisory

Clear acquisition strategies and practical guidance for complex, high-stakes procurement decisions.

Program & Portfolio Management

Keeping programs on track with disciplined planning, performance monitoring, and risk management.

Cybersecurity & Risk

Practical support for managing risk, meeting compliance requirements, and strengthening security.

Agile & Project Delivery

Helping teams stay focused and adaptable, and keeping complex projects moving toward delivery.

EXPERIENCE & QUALIFICATIONS

Our capabilities are grounded in the founder's hands-on experience supporting federal acquisition, financial management, portfolio governance, and program oversight, backed by professional credentials in business administration, project management, information systems audit, cybersecurity, and Agile delivery.
